**Integrated MSc(IT)**  
**SEM I**  
**PROBLEM SOLVING WITH PROGRAMMING**  
**ASSIGNMENT5 – UNIT 5**

1.	Write a program to Print an Array
2.	Write a program to read and print single dimensional array.
3.	Write a program to Print an two dimensional array.
4.	Write a program to read and print two dimensional array.
5.	Write a program to print three dimensional array.
6.	Write a program to read and print three dimensional array.
7.	Write a program to Copy Elements of Array in another Array
8.	Write a program to calculate average using Array
9.	Write a program to find the largest element of an Array
10.	Write a program to enter five numbers using array and rearrange the array in the reverse order.
11.	Write a program to Delete an element from an Array
12.	Write a Program to sort an Array in ascending order
13.	Write a program to insert an element in an Array at given position.
14.	Write a program to Add of All Array Elements
15.	Write a program to Add of two Arrays and store value in third array.
16.	Write a program to search an element from an Array
